### RBdigital the APP

To read your magazines on your smartphone or tablet, download the free **RBdigital** app from the App Store (Apple) or Play Store (Android.)

Note the following:

- When you search for the **RBdigital** app, it may appear as OneClickdigital in the app store but will appear as RBdigital in your app library on your device once it is downloaded and installed.
- 9.** Once the app is installed, you will need to associate it with your account. Open the app, then follow the prompts to enter the email address and password you entered in step 4 of this handout.

10. Once logged in, you should see all the magazines you have checked out.
11. Tap the cover of a magazine to download and read it on your device. Magazines can be quite large (100MB+) and so may take a while to download on slower connections.
12. Once you are reading a magazine, tap the center of the screen to bring up a menu. From here you can quickly jump to other pages using the thumbnails at the bottom, or close the magazine with the **upper-left X**.
